## Dacusville News.

Everything seems to be thriving since the rains.

The fourth passed off very quietly. There was not anything doing around Dacusville.

D. F. Sutherland came very near having a bad accident last Friday morning while going from his home to Pumpkintown.

A thrasher was at J. C. Hendrix's, very near the road, leaving a very narrow passage between the engine and store house. Mr. Sutherland's mule became frightened at the noise and tried to run. He sprang from the buggy and went to the head of the animal, but was thrown to the ground, receiving a few slight injuries. One gash being on the chin. Dr. J. M. Crenshaw sowed up the wound taking three stitches. I think the thrashers ought to be more particular and not get so near the road.

Sterling Elrod, of Seneca, is visiting friends at Dacusville this week.

W. H. Griffin, Mrs. F. J. Griffin and Miss Christine Sutherland visited the latter's mother, Mrs. D. F. Sutherland, recently.

Miss Geneva and Lucile Looper, and Florence Sutherland enjoyed a berry picking last week. The girls say if you want to have a good time go black berry picking.

Misses Lillie and Lena Turner visited their grandmother, Mrs. Mary Looper, last Friday.

Ray and Landrum McWhite, of the Greenville side, were in Dacusville last Saturday and Sunday. For some reason we think the boys must like this part of the country.

Henry Jones and Beattie Williams attended a singing over on the Greenville side the fifth Sunday.

The singing at Cedar Rock was enjoyed, but on account of a thunder storm they did not sing in the afternoon.

The young people at Dacusville have not been having any parties or picnics on account of busy work time. But just wait and see what they will do later.

Best wishes to The Sentinel.

Tobie.

## Son Kills Father in This County

In a pistol duel between father and son, John Dobson, a farmer living about one mile from Central, was shot by his 17-year old son, B. Dobson, late Monday afternoon and died about 2 o'clock Tuesday morning. A twelve-year-old son was dangerously wounded by a stray bullet from the father's pistol and is now in the Anderson hospital. It is said the shooting was the result of domestic troubles, that the husband abused his wife severely on several occasions and on this occasion his son interfered, when the father opened fire on him. According to reports the young man fired six times at his father with a 38 Colt's revolver, four bullets taking effect in his body. The son who did the shooting was not hit by bullets from his father's pistol, but a younger brother was accidentally shot. Dobson was about 40 years of age.

The boy who did the killing came to Pickens immediately after the shooting and gave himself up to the sheriff and is now in the county jail.

The Dobson family have been living about one mile from Central for several years and are well known in that section of the county.

## Teachers Elected for Six Mile Academy

The trustees of this institution met at Easley last Monday to elect a principal to succeed Prof. S. A. Rutledge, resigned.

Several applications were presented and considered, and after much thought Prof. R. Garnett Graves, of Kentucky, was elected. It is hoped that Prof. Graves will accept. He was highly recommended as a man of ability in and out of the school room.

The other teachers of the school for the coming year will be Miss Bertie Jones, Miss Malton and Miss Allgood.

The next session will begin sometime in September. The date will be decided as soon as the new principal arrives and due notice given.

Alice Mill Sunday School Picnic.

The Sunday school of the Alice Mill had a picnic at Vandiver Spring, about one mile north of Easley, on July 4th. It was a delightful day for the school. Mr. A. B. Adkins, superintendent of the mill; Mr. N. C. Richardson, pay master; Mr. Burris Ramie, foreman of the weave room; Mr. Thos. E. Durham, superintendent of the Sunday school; Mr. J. S. King, foreman of the cloth room, and many others whom I did not know, were present taking an active part. Be it said to the praise of all who did take part that it was well done. Mr. Richardson acted as master of ceremonies and did his part well. After races and other events to amuse the crowd, Mr. Richardson called the meeting to order. It was opened with prayer, after which Hon. E. P. McCravy delivered a speech of power to the delight of the large crowd. Then followed a short talk by another brother on the importance of the right kind of training—a continuation of Mr. McCravy's speech. Dinner was then announced. Such a dinner would have been sufficient to satisfy any people anywhere. The ladies waited on the men and children and took great pains to see that no one was neglected. It is worth a great deal to a mill community, or any other community, for the officers who are the leaders to be Christians. Happy is any town, city or country where the leading men and women are consecrated. President Shanklin has every reason to be proud of his people. To A. M. Mauldin, that accommodating gentleman, known and loved by all his neighbors, this scribe is indebted for conveyance to and from the picnic.

## A Surprise Celebration

On the morning of July 4th, the children and grand-children of Mr. and Mrs. W. R. Garrett were busy preparing dinner, and about 9.30 o'clock they arrived at their home with baskets, trunks, boxes, etc. It sure was a surprise to grandpa and grandma. It wasn't very long until grandpa started with a sack to the store after a block of ice and some lemons and by 11.30 o'clock the freezer was in operation and ice cream and lemonade was plentiful. By this time a table was arranged on the front porch and the contents of the baskets, trunks and boxes were placed thereon. Then the call was "all welcome to the table." After thanks had been given to the giver of all good things, what was done for those rations, ice cream and lemonade was a plenty. After all had eaten to their satisfaction the table was still loaded. After dinner we all chatted, had singing, and about 4.30 it rained. After the rain we all went to our homes, wishing grandpa, grandma and ourselves many more such days. Those enjoying the day, besides the family, were Messrs. Israel Merck, R. L. Alexander, Noah Lark and his sister, Miss Ila.

Prof. R. W. Baker attended the all day singing at Cedar Rock the fifth Sunday.

The writer attended the picnic at Maplecroft cotton mill at Liberty the 4th, and enjoyed the occasion fine. The people at and around Maplecroft sure do know how to feed people and there was nothing lacking about dinner. They had everything from chocolate cake and chicken down to blackberry pie, or the farmer's friend, as the writer calls blackberries. I missed the hobble skirt race as I didn't get there in time, but never missed my dinner, and it made me think of home when I wound up on blackberry pie. Mr. Wat James presided at the occasion and he knows how to give the people a good time.

## Fourth of July Picnic

The picnic of the Baptist Sunday school on Friday, July 4th, was largely attended and greatly enjoyed. The crowd went in wagons and buggies to the old Hollingsworth place, two miles from town, about 10 o'clock. This is very near an ideal place for a picnic. The young ladies of the Sunday school had prepared an abundance of good things to eat, and at 1 o'clock a table was spread under a large oak in the yard and Mr. C. E. Robinson asked grace. The dinner was greatly enjoyed.

A cloud came up about two o'clock and the greater part of the people hurried back to Pickens. Those who waited for the cloud to pass over were disappointed and got wet coming back. But tall came under the head of pleasure, and did not spoil the day's enjoyment.

The Sunday school is under many obligations to Mr. B. E. Haynes and family for the use of the grounds and their hospitable home on this occasion and tender to them their sincere thanks for the many acts of kindness during this most enjoyable day.
